LED

Basic knowledge

Definition of led life

incandescent bulb , fluorescent lamp can be easily broken caused by electric shock, while led lamp can still work even after 40000h,only luminous decays as time goes.

Used for Close Range illumination

Non-ultraviolet radiation and infrared rays , alleviate the fades and degradation of the subject.
Lower heated when shines closely.
Suitable for less heat-resisted product and commercial lighting.

Suitable for outdoor lighting

Anti-mosquito and insects

Led lamp is Non ultraviolet which cannot be sensed by mosquito and other inserts.

CRI / Ra 80+

LED Ra Comparison

LED FILAMENT BULB

Features:

- *Excellent variety in terms of bases and shapes
- *Low wattage for subdued lighting
- *Decorative forms with modern interiors
- *Very cozy amber effect

Applications:

- *Living rooms, dining rooms, bedroom, Bars.

LED BULB

Features:

- *Long lifetime span
- *Low energy consumption
- *Simple replacement for classic lamps
- *Instant 100% light, no warm-up time
- *Dimmable version available
- *Robust against vibrations

Applications:

- *Domestic applications
- *General illumination
- *Applications in suitable luminaries

LED G4/G9

Features:

- *Long lifetime up to 10000 hours
- *Low energy consumption
- *Ideal for decorative and free-burning applications
- *Very small sizes thanks to high miniaturization
- *Optimized light distribution

Applications:

- *Atmospheric accent lighting in homes, shops, hotels and restaurants
- *Foyers
- *Offices

LED SPOTLIGHT

Features:

- *Simple replacement of conventional halogen lamps
- *Innovative single optic for homogeneous light distribution
- *Available in dimmable version
- *Very long lifespan up to 25000 hours
- *Instant 100% light, no warm-up time

Applications:

- *Restaurants
- *Commercial areas
- *Hospitality
- *Museums, art galleries
- *Residential interiors
- *Spotlighting for accents

LED REFLECTOR BULB

Features:

- *Simple direct replacement for conventional incandescent lamps
- *Low power consumption
- *Instant 100% light, no warm-up time

Applications:

- *Domestic applications
- *General illumination
- *Applications in suitable luminaries

LED PAR LAMP

Features:

- *Easy replacement of halogen lamps thanks to compact design
- *Uniform lens design for guaranteed excellent distribution of light
- *Very long lifespan up to 25,000hours
- *Instant 100% light, no warm-up time
- *Blue, red, green lens available

Applications:

- *Domestic applications
- *General illumination
- *Applications in suitable luminaries

LED TUBE

Features:

- *Quick, simple and safe replacement without rewiring
- *Energy saving up to 60% compared to traditional fluorescent tubes
- *Uniform illumination
- *Very long lifespan up to 25000 hours
- *Instant 100% light, no warm-up time

Applications:

- *Illumination of production areas
- *Supermarkets and department stores
- *Public buildings
- *Reception areas
- *Offices

LED T5 FITTING

Features:

- *Available as 300mm, 600mm, 900mm, 1200mm &1500mm
- *Rows of luminaires possible
- *For seamless lines of light without dark

Applications:

- *Direct replacement for luminaires with fluorescent lamps
- *General indoor illumination
- *Hospitality

LED STRIP LIGHT

Note:
Do not use scissor to cut, cut with a cutter. Correct operation and proper use, restoration of the original structure with wiring, cutting with the front of the knife and mounting with the tail cap ensure that the stub ends are completely sealed.

Features:

- * Cuttable strip with different color temperatures to create different ambiances
- *Flexible and easy to install thanks to the adhesive tape
- *High lumen efficacy
- *Further accessories kits can be ordered separately

Applications:

- *Indoor ambiance for hospitality, office and residential
- *Cove lighting
- *Cabinet, closet and back light
- *Restaurants
- *Spotlighting for accents
